Official Operational Document | Version 2026.1

SERVICE LEVEL & TECHNICAL SUPPORT AGREEMENT

Effective Date: June 25, 2026

This Service Level Agreement & Support Policy ("SLA") defines the support commitments and system performance guarantees provided by Oheneba Media, represented by its owner Mr. Oheneba Michael Baah ("Service Provider"), to the Client School ("Client" or "School").

This SLA operates alongside the Skoola main Service License Agreement. It describes uptime targets, server maintenance windows, support ticketing, response times, and disaster recovery.

SECTION 1

SYSTEM AVAILABILITY & UPTIME COMMITMENTS

1.1 UPTIME TARGET: The Service Provider targets a ninety-nine point five percent (99.5%) system uptime for the Skoola platform, calculated over any calendar month, excluding scheduled maintenance.

1.2 SERVICE CREDIT: If the platform availability drops below 99.5% in a billing cycle (excluding exclusions defined in Section 1.3), the Client may request a service credit equivalent to 5% of their monthly pro-rated subscription fee for every 1% of unscheduled downtime, capped at a maximum of 25%.

1.3 SLA EXCLUSIONS: Uptime calculations exclude interruptions due to: (a) national internet network failures in Ghana; (b) the School's local network or browser configuration errors; or (c) force majeure events (natural disaster, power grid failure).

SECTION 2

MAINTENANCE & UPGRADE SCHEDULES

2.1 SCHEDULED MAINTENANCE: Routine maintenance, database defragmentation, and patch updates are performed during off-peak hours, specifically between 12:00 AM and 4:00 AM GMT, to minimize user disruption.

2.2 NOTIFICATION: The Service Provider will post alert notifications in the Admin dashboard at least twenty-four (24) hours in advance of any scheduled maintenance that requires more than fifteen minutes of downtime.

2.3 EMERGENCY MAINTENANCE: In the event of a severe security threat or database corruption, emergency maintenance may be conducted immediately without prior notice. The Client will be notified immediately upon system restoration.

SECTION 3

TECHNICAL SUPPORT CHANNELS

3.1 SUPPORT HOURS: Standard support is available from 8:00 AM to 5:00 PM GMT, Monday through Friday, excluding official public holidays in the Republic of Ghana.

3.2 COMMUNICATION PORTALS: Support tickets, requests, and general assistance are processed via:

- **Official Support Email:** support@skoola.com / info@decorumit.com

- Dedicated Admin Dashboard Ticket Panel
- Authorized WhatsApp / Telegram Support Numbers

SECTION 4

INCIDENT SEVERITY TIERS & RESPONSE TIMES

Support requests are classified into four severity tiers, each with dedicated response and resolution targets:

- 4.1 SEVERITY 1 (CRITICAL): The platform is completely down or inaccessible. Response Target: 2 hours. Resolution Target: 6 hours.
- 4.2 SEVERITY 2 (HIGH): Critical features (like online fee collections, gradebook calculations, or school SMS alerts) are non-functional for multiple users. Response Target: 4 hours. Resolution Target: 12 hours.
- 4.3 SEVERITY 3 (MEDIUM): Standard system bugs, visual rendering failures, or report card styling glitches. Response Target: 12 hours. Resolution Target: 48 hours.
- 4.4 SEVERITY 4 (LOW): General queries, user manual instructions, system configuration changes, or password reset requests. Response Target: 24 hours.

SECTION 5

DATA BACKUPS & DISASTER RECOVERY

- 5.1 DAILY BACKUPS: Automated database backups are executed every twenty-four (24) hours. Backups are encrypted and replicated to a separate off-site cloud hosting provider.
- 5.2 DISASTER RECOVERY: In the event of a total primary server failure, the Service Provider targets a Recovery Time Objective (RTO) of less than four (4) hours and a Recovery Point Objective (RPO) of less than twenty-four (24) hours.

SECTION 6

CLIENT OPERATIONAL RESPONSIBILITIES

- 6.1 HARDWARE & NETWORK: The School is responsible for procuring and maintaining stable high-speed Internet connections and appropriate endpoint hardware (computers, tablets) to access the Skoola system.
- 6.2 FIRST-LINE SUPPORT: The School's designated system administrator shall serve as the first point of contact for teachers, students, and parents. Standard queries should be handled internally before escalation to Oheneba Media.

SECTION 7

SLA AMENDMENTS

- 7.1 The Service Provider reserves the right to modify this SLA and support terms to align with system architectural refinements. Any modifications will be communicated in writing to the School's system administrator.

EXECUTION & SIGNATURES

By signing below, both parties acknowledge that they have read, understood, and agreed to all support commitments and SLA standards detailed in this document.

FOR OHENEBA MEDIA

Signature: _____

Name: Mr. Oheneba Michael Baah (Owner & Software Proprietor)
